**"Trap" is a colloquial term that refers to traps, interceptors, separation tanks, and other sanitary sewer pretreatment devices.

**A permit is not required for vehicles collective used cooking oil from a vessel not connected to the sanitary sewer system.

When to call Consumer Health:

- The company or vehicle servicing your grease trap, grit trap, septic tank, or chemical toilet does not appear on this list.
- You are not given a yellow "North Richland Hills Transportation Trip Ticket" by the company at the time of service. An invoice is not a substitute for this form.
- The company does not open and clean all compartments of your trap/interceptor.
